Captain Lassiter Gets His Dog.

The last case heard in the Police Court yesterday morning, and the most interesting one, was that of C. D. Hutzler, charged with having in his possession a handsome and valuable greyhound, the property of Captain F. R. Lassiter, of Petersburg. The dog, it appeared, had been given first to Secretary-of-the-Commonwealth Lawless, then to Mr. J. M. Valentine, and not remaining at the home of either, was returned to Captain Lassiter. Somehow the roving canine fell into the hands of a man who sold him to Mr. Hutzler for S. Justice Crutchfield decided that the greyhound was rightfully the property of Captain Lassiter, and it was brought down from the Westmoreland Club, where it had gone from court, and turned over to him. tonic has been described by Dr. A. Budger, of London, as a therapeutist's day-dream, a scientific absurdity. Merely to lash a sick body into spasmodic ac tivity to be followed by utter exhaustion is the worst medical practice in the world. But nine patients out of ten lapse comes, they attribute it to almost every cause on earth but the right one.

There is no real strength except in digested food; the problem is to get the food digested. If the stomach is tired, along with the rest of the body, it cannot turn the food over and over so as to expose every part of it to the action of the gastric juice. The victuals will lie and gastric juice. The victuals will lie and rot unless the stomach gets help. For this purpose a whiskey of undcubted purity is ordered by the most enlightened physicians. Some of the stuff sold as whiskey is utterly unfit to be swallowed, and no sane man would put it into his stomach if he knew what it was made of. Duffy's Pure Mait Whiskey has stood the most severe tests by chemists, and is endorses by physicians.

You cannot safely trifle with your digestion. If you feel a sense of weight and fulness after eating, you need the help that Duffy's Pure Mait Whiskey never falls to give in turning bread and meat into bone, blood, and muscie.

### WAR BILL IN SENATE

MESSRS. CHILTON, LODGE, AND TURLEY DISCUSS IT.

THE PAYMENT OF YOLUNTEERS.

House Passes Senate Bill Providing Enrolment-Other Measures Touch ing the War.

WASHINGTON, May 23 .- For five hour: to-day the Senate had the war revenue measure under discussion. The catire time was occupied by Mr. Chilton (Democrat), of Texas; Mr. Lodge (Republican), of Massachusetts, and Mr. Turley (Democrat), of Tennessee. While Mr. Lodge confined himself to a discussion of the proposed tax on corporations and bank deposits, strongly urging that such taxes be not imposed, Mr. Chilton and Mr. Turley covered pretty fully the general features of the bill. Their speeches dealt comprehensively with the theories of taxation, and were, therefore, in the very nature of things legal and technical dissertations upon the subject. No action of any kind was taken upon the

KID MPARTLAND LOSES.

First His Temper-Then the Bout With Daily.

NEW YORK, May 23.-Jack Daly, of Wilmington, Del., got a decision over Kid McPartland, of this city, after having fought fourteen and a half rounds in the Lenox Athletic Club to-night. This result was unlooked for, but McPartland has only himself to blame, as he lost his temper, and after being cautioned half a dozen times, struck his opponent in a clinch.

The bout was a rattling good one while it lasted, but from the eighth round it was very evident that Daly would get the better of McPartland, as the latter lost control of his temper.

Daly's leg was injured in the last couple of seconds of the bout, as it was bent under his body when Charley White fell on top of him in his efforts to make McPartland break away.

## TO JOIN THE SECOND.

COMPANY F, OF THE FIRST, WILL

PEGRAM CAPTAIN OF THE BLUES.

Elected by Co. B to Succeed Mayo-The Blues' Band May Be Attached to the Fourth-Captain Wyatt's Appointments.

The rain of yesterday morning frustrated the intention of the three companies at the Regimental Armory to go under canvas, at Camp Lee, and, when later in the day, marching orders were received by the Second Regiment the idea was completely abandoned.

The day passed without special incident, except when one of Colonel Baker's aids arrived late in the afternoon and informed Captain Masurier of the transfer of his company from the Third to the Second Regiment. The information was received with the wildest enthusiasm on the part of the men of the transferred company, as they have all along been desirous of being attached to Colonel Baker's command. The enthusiasm was also shared by the members of the other two companies which were already attached to the Second, as old Company F was very popular. The transfer puts all the companies from the First together. Company F, which was to have been known as M, of the Third, will now be known as L. of the Second. Captain Masurier had his men gotten in readiness to move at 8 o'clock this morning.

Upon the advice of his family physician, who deemed it unwise for him to attempt a campaign in Cuba, Captain W. S. P. Mayo, of Company B, of the Biues, yesterday morning, as had been anticipated by the Dispatch, handed in his resignation, which, under the circum-stances, was promptly accepted. Shortly before noon a company meeting was held, and First Lieutenant George B. Pegram was unanimously elected as his successor. Second Lieutenant William J. Daughtrey, Jr., was promoted to first lieutenant, and Sergeant Thomas A. Spencer to second lieutenant.

Captain Pegram and Lieutenant Spencer have been members of the company ever since its organization, both having previously served in the Ashby Light Horse. Both officers have been very attentive to drill, and their promotion is well deserved. SALARIES OF EDITORS AND AGENTS WITH PUBLISHING HOUSE.

REY. SAM JONES OUT OF ORDER. He Moves That All Local Preachers

Under Suspicion Be Hanged-Next General Conference in May

BALTIMORE, May 23.-The somewhat delicate question of salaries was the mat-ter of greatest interest at the Methodist Episcopal General Conference, South, this morning. The Publishing Interest Committee recommended that the editors and agents connected with the publishing house receive salaries of \$3,000 each, instead of the \$2,500 hitherto paid them. The conference voted to keep the salaries at \$2,500, and then Dr. Hoss, editor of the Christian Advocate, made a statement, saying that he had to work between 10 P. M. and 3 A. M. at matters other than those connected with his paper, in order to supplement the salary the Church was paying him. Dr. J. J. Tigert, secretary of the conference, made a similar statement. It was then decided to reconsider, and the salaries were placed at \$3,000.

The conference had a long discussion over minor changes in the form and method of trial for local preachers accused of immorality. In the midst of motions to table, substitutes, etc., Rev. Sam Jones advanced to the platform and offered a substitute. THE IRREPRESSIBLE SAM.

"Mr. President, said he, "as a local preacher, I have a substitute to offer in this matter. I move to hang all the local preachers under suspicion." Bishop Candler (pounding his gavel vigorousiy). Richmond Eye, Ear, and Throat In-firmary-Dr. P. W. Boyd, Jr. PHILIPPINE CUSTOMS REVENUE. It Will Now Be Turned Into Uncle

Sam's Treasury. WASHINGTON, May 23 .- In anticipa tion of the early occupation of the Philtppine Islands by the military and naval forces of the United States, the Treasur, Department has already begun the formulation of regulations and a scheme of customs tariffs which will be collected by the military authorities and turned into the Treasury of the United States as a "military contribution."

That the President has authority to col-

the Treasury of the United States as a "military contribution."
That the President has authority to collect the Philippine revenues under existing conditions is not a matter of doubt.
The tariff rates now being prepared by the Treasury Department will closely follow the Spanish customs laws in force in the Philippines. Just what revenue they produced is not known, but the assumption is that inasmuch as the home government realized from them last year approximately \$9,000,000, the actual amount collected was \$18,000,000. The government will assume control of the revenues as soon as the principal seaports are in our possession, and will continue to control them at least until Congress takes specific action in the case, or until peace has been declared between the two countries.
